Department of Planning, Public Policy and Management
School of Architecture and Allied Arts

CSC
Community Service Center

Acknowledgements

The Community Service Center wishes to thank Roger Brandt of the Illinois Valley Community Development Organization (IVCanDO) and the City of Cave Junction staff for their assistance and advice throughout this project. We would also like to acknowledge the Project Advisory Committee, whose members provided invaluable feedback and assistance with organizing and hosting community outreach events. Finally, we thank the residents of Cave Junction for their enthusiasm and thoughtful commentary – we hope this plan reflects the desires and excitement expressed by residents during the planning process.

About the Community Service Center

The Community Service Center (CSC) is a research center affiliated with the Department of Planning, Public Policy, and Management at the University of Oregon. It is an interdisciplinary organization that assists Oregon communities by providing planning and technical assistance to help solve local issues and improve the quality of life for Oregon residents. The role of the CSC is to link the skills, expertise, and innovation of higher education with the transportation, economic development, and environmental needs of communities and regions in the State of Oregon, thereby providing service to Oregon and learning opportunities to the students involved.

Table of Contents

One: Introduction **1**
